

THE CONTEST.

Patronized by the Queen.

THE SAME OLD STORY—
MAHUKA STILL IN
THE LEAD.

Angus, of the Crescents, Received
Eighty-Four Votes, During
the Past Week, and is
Now Second.

The sixth count of the ADVERTISER ballots took place yesterday afternoon. Two hundred and fifty-five were in the box. Mahuka received 62 votes, and still retains first place. George Angus, of the Crescents, tallied 84 times, which placed him in the second position. J. O. Carter, Jr., is number three.

The most important circumstance connected with the sixth count of the ADVERTISER's contest was a ballot sent from the Palace, by Her Majesty the Queen, which proves that even Her Majesty takes an interest in our "National game," and also in the ADVERTISER's contest to determine the best ball player in the Hawaiian League.

SIXTH COUNT.

CALM BEFORE STORM

The Liberals Hold a Mass Meeting and the Members of the House Speak.

The mass meeting held by the Liberal party at the Queen street Armory last night was attended by nearly three hundred people. The meeting was enthusiastic throughout, the Honorable members being frequently applauded, especially Hon. Wm. White, of Lahaina, who is ever ready to tell funny anecdotes. Chas. Wilcox presided at the meeting.

Hon. L. W. P. KANEALII spoke at some length, referring to the intentions of the Legislature. In the House the members are divided. Some want annexation, while others want a republic. I want you to remain steadfast to a monarchical form of government. I am always on that side.

Hon. JOS. NAWAHU: I have served the people in the Legislature during the past twenty years, with the exception of the term of 1886, when I was defeated by the superior ability of the others in intrigue. I have served my country faithfully, for if I had done otherwise I would have been wealthy to day. I have been tried, but I have been faithful to my constituents. Some say: Look to your poi calabash and let the law take care of itself. That is the motto of fraudulent men. I am in favor of laying the cable to Hawaii nei. We shall be able to know the latest quotations of the American market. I am also in favor of paper money. I have been approached by foreigners who condemned me for it. I asked what had been the result of the use of paper currency in America, whether it had been successful or not. They replied in the affirmative. Why can not Hawaii use paper money?

Hon. S. K. AKI: It is almost three months since we were here together. If the Liberal party bring forward bad measures at the coming Legislature, I shall vote against them; and if the Reform party introduce wise measures, I shall agree with them.

Hon. J. A. AKINA (of Waimea, Kauai): I am in reality an Independent member. I am neither Liberal nor Reform, but I shall favor whatever will be for the benefit of all—rich and poor. My constituents have given me petitions which I shall present to the Legislature at the next session; but pardon me if I conceal them for the present. The general cry is "hard times." We look to the future for hopeful times.

Hon. Wm. EDMONDS (South Wailuku): I have been elected by the Reform party. I am pledged to no political party, but I shall work for the good of all. Aloha to all is my motto.

Hon. Wm. WHITE (Lahaina): I am a man with a little voice; you can't hear me if you make too much noise. You all know my past record in the House of Representatives. L. A. Thurston, C. W. Ashford, Paul Neumann, W. O. Smith and A. P. Peterson are old thunderbolts representing the white element. On the native side here are J. Nawahi, L. W. P. Kanealii and myself—"Pila Aila" (Oily Bill)—we are all fires. [Laughter.] If the people show apathy towards us, and pay more attention to drinking awa and playing che fa, we shall lose interest too. We may be then induced to sell our country if we find you lacking in interest in the leading questions of the day. We want you to draw up wise and fair resolutions. I do not want such one-sided resolutions as this: Cut off the heads of white men and leave the heads of Chinese alone.

Hon. G. P. KAMAHOA (Kohala): The time has come when every true Hawaiian should make a firm stand for the welfare of his native country. I cannot foretell what great questions may come up at the next Legislature. The question of most vital concern to us, is the decrease of the nation, and how are we to turn the tide. The leprosy question requires careful consideration by the next House. My prayer shall ever be for the welfare of my people, and of everybody dwelling within its peaceful borders.

We are now experiencing business depression, and we all feel its evil consequences. The planters are suffering from this depression, and they are clamoring for cheap labor. Our only hope is in the Legislature. The Crown Lands ought to be divided up into homesteads and given to Hawaiians.

Hon. J. N. KAPAHU (Kau): I owe my election to the Hawaiians of Kau, and not to sugar planters or teachers of religion. My constituents have sent me to find out the failings of the Cabinet and vote against them. My constituents are 277 miles away, but I shall always work for their welfare.

Hon. J. K. KAUNAMANO (Hamakua), made some remarks and the meeting finally adjourned.

ARRIVALS:

Many of the arrivals by each "Australia" go to the Hawaiian Hotel, still a great many put up at E. O. Hall & Sons for a short time. Our arrivals by the last "Australia" were from several parts of the world. A large excursion party came to us from Sheffield, England, by way of Panama and San Francisco; they were the Pocket Knife branch of the Knife family, \$525 worth in Sheffield, not a very big sum you may say, still enough to get a few dozen each of thirty-three different styles, and if you want to see some choice Knives drop in and look them over, they are right near the Fort Street entrance. People that happened in the day we were opening them up evidently thought they were good, as we sold 39 to different ones during the afternoon. The above family wishing to be in Sharp Company on their long trip, started, and came all the way in the same Compartment with over a gross of assorted Razors. All we have to say about these are that they are the three famous makes, "Rodgers," "Bengal," and Wade & Butcher. Every "little Shaver" knows these makes, and uses them. But you want to know what other arrivals we had by the last Australia, so let us run down the list together; besides Knives and Razors from England, we had Brass Cup Hooks, Hall's Rice Sickles, Eley's Cart-ridges, Imray's Charts, Clark's & French Horse Clippers, 65 dozen assorted Stubs Saw Files, 32 dozen assorted Stubs Jewelers' Files, Mattress Needles, 100 boxes Shoe Thread, 100 lb. Emery Powder, assorted, Stubs Plyers.

Now from Boston (by rail) via San Francisco we had, 64 assorted Bailey's Patent Planes, and some 48 in. Cotton Duck. A big lot of rail goods started from Boston the same time as above but in the race overland these two items must have beaten the balance to San Francisco as nothing more on this invoice came along by the Australia. We have an idea the Planes (which we were short of) and the Duck (which we were all out of) knew they were badly needed and took a "Vestibule Train," and hurried through. The balance of this invoice, which will come along by the "Mariposa," have among the items No. 1 and 2 Ship Pumps, Metaline & Roller, Bushed Sheaves, Diston's Files, Saw Screws and Saws, Bin-nacle Lamps, Galvanized Row-locks, Carpenters' Hammers, Top Mauls, Fodder Cutter Knives, White Shellac, Coopers' Vices, Horse and Barbers Clippers, Bronze Powder, "Thoms Navigator," Hand Levels, and Pedometers, Whip Sockets, Grommets, Steel Letters and Figures, 1-1/2-3-16in., Pruning Shears, Tailors' Squares, Copper and tinned Wire, on spools etc., in all a 9-page invoice of assorted Hardware.

Last of all comes our list of arrivals from San Francisco: Leather, 39 rolls of Sole, Harness, Saddle Splits, Buff and Lace; 45-70 405-500 grain Frankfort Arsenal Bullets, Turkey and Ostreich Feather Dusters, Cotton Horse, Block Tin, Tin, Phoenix Horse Shoes, Mill and House Brooms, Horse Collars and Collar Pads, Paper Bags, Rifles, Revolvers, Belting, Carriage and Machine Bolts, Log and Wood Screws, Brass Stencil Combination, 1 to 2 in., Fence Wire Pullers, 2 1/2 and 3 in. Clinch Nails, Blue Stone.

You now see we had our share of the arrivals by last Australia. Many of our arrivals started in, soon after putting up at our place, to see the islands, a number having gone to Hawaii and Maui, and the 39 members of the Knife family are skipping all over town, in the pockets of their owners.

Come in and see some of our Goods and take some with you, if you wish.

OYSTERS AND SEEDS

Are valuable for what's in 'em. Good
and bad oysters look alike in the shell.
Good and bad seeds often have the same
appearance. Any one can tell a worth-
less oyster on opening it. The value of
a seed must be determined by its growth.
This makes its quality worth considering.
You want seeds that will grow, and you
want the product to be of value. There
is but one guarantee; the reliability of
the firm from which you buy.

Patronize Home Industry!
